ZEESHAN QAISAR

SENIOR FULL STACK LARAVEL & REACT DEVELOPER

Pakistan (Open to International Remote Opportunities)

mrzeeshan.799@gmail.com | +92 305 8663799 | **incomefromviews.com**

PROFESSIONAL SUMMARY

Full Stack Developer with 5+ years of experience architecting, building, and scaling production web applications, RESTful APIs, and business management systems. Deep expertise in the Laravel ecosystem (Livewire, FilamentPHP, Eloquent ORM) paired with modern React.js and Next.js frontends. Proven track record of delivering secure payment integrations, complex database schemas, and maintainable SaaS platforms for international remote teams and global clients.

TECHNICAL SKILLS

Backend Development: PHP (8.x), Laravel, FilamentPHP, Livewire, CodeIgniter, Eloquent ORM, RESTful APIs, GraphQL

Frontend Development: JavaScript (ES6+), TypeScript, React.js, Next.js (App Router), Vue.js, Alpine.js, HTML5, CSS3

UI & Styling: Tailwind CSS, Bootstrap, Responsive Web Design, Cross-Browser Compatibility

Databases & Performance: MySQL, PostgreSQL, Relational Schema Design, Eloquent Query Optimization, Indexing

APIs, Auth & Integrations: Stripe, PayPal, OpenAI API, Firebase, Twilio, reCAPTCHA, Webhooks, Laravel Sanctum, JWT, OAuth2, RBAC

DevOps, Testing & Workflow: Git, GitHub, GitLab, GitHub Actions (CI/CD), Docker, Linux VPS Deployment, Automated Testing

AI-Assisted Development: Cursor, Claude Code, Gemini CLI, GitHub Copilot

PROFESSIONAL EXPERIENCE

Full Stack Developer — Gorin Systems *(Remote)* **| August 2022 – December 2025**

- Engineered and maintained core backend architectures and interactive UI modules for Fello using Laravel and Livewire.
- Built and maintained responsive, component-driven frontend interfaces for KosherGraphics using React.js, ensuring seamless REST API data binding.
- Architected secure backend APIs and webhook listeners to handle automated payment gateway workflows and third-party service integrations.
- Diagnosed production bottlenecks, refactored complex Eloquent queries, and shipped ongoing feature enhancements across multiple client applications.
- **Key Technologies:** PHP, Laravel, Livewire, React.js, REST APIs, MySQL, Payment Integrations, Git.

Full Stack Web Developer — Freelance / Independent Consultant *(Remote)* **| November 2020 – Present**

- Developed and maintained production web applications, custom business admin panels, and RESTful API backends for international clients.
- Designed decoupled backend architectures in Laravel (Sanctum/JWT authentication, role-based access control) serving React.js, Next.js, and Vue.js frontends.
- Built custom operational dashboards and business management systems using Laravel, Livewire, and modern UI frameworks.
- Integrated third-party APIs, payment gateways (Stripe, PayPal), and external services, managing testing, bug resolution, and production deployments.
- **Key Technologies:** Laravel, PHP, React.js, Next.js, Vue.js, Tailwind CSS, MySQL, PostgreSQL, REST APIs.

Software Engineer — BJS Soft Solution | August 2021 – August 2022

- Developed full-stack web applications and modular client features using a decoupled Laravel backend and React.js frontend architecture.
- Designed RESTful API endpoints, relational database schemas, and secure authentication flows to support dynamic single-page applications (SPAs).
- Collaborated on troubleshooting technical issues, refactoring code, and optimizing application performance to meet project requirements.
- **Key Technologies:** PHP, Laravel, React.js, JavaScript, REST APIs, MySQL, Git.

Web Developer — TechnDevs | September 2019 – July 2021

- Built, maintained, and upgraded dynamic web applications and custom backend solutions using Core PHP, CodeIgniter, and Laravel.

- Refactored and migrated legacy Core PHP modules into structured MVC architectures in CodeIgniter and Laravel to improve maintainability.
- Implemented responsive frontend interfaces, database queries, form validations, and ongoing troubleshooting across client projects.
- **Key Technologies:** Core PHP, CodeIgniter, Laravel, JavaScript, HTML5, CSS3, Bootstrap, MySQL.

SELECTED PROJECTS

Bluelink Advisory | Learning Management System (LMS) & EdTech Platform **(Laravel, MySQL, REST APIs, reCAPTCHA)** — https://bluelinkadvisory.com/

- Architected and developed a comprehensive LMS platform from scratch using Laravel and MySQL to manage curriculum delivery, course modules, and student learning activities.
- Engineered role-based access control (RBAC) and administrative dashboards for managing instructors, student enrollments, and progress tracking.
- Integrated an interactive third-party AI virtual-teacher widget, Google reCAPTCHA security, and automated platform workflows.

IncomeFromViews.com | Creator Monetization Platform **(Next.js, React.js, GitHub Actions)** — https://incomefromviews.com/

- Architected and launched a creator monetization platform featuring interactive revenue calculators and educational content.
- Engineered dynamic country- and niche-based pages using the Next.js App Router along with automated XML sitemaps, structured data, and SEO metadata.
- Configured automated build and production deployment workflows using GitHub Actions.

Heelas Health Care | Home Healthcare Services & Booking Platform **(Laravel, MySQL, reCAPTCHA)** — https://www.heelashealthcare.com/

- Developed a full-stack healthcare web platform and backend administrative portal using Laravel and MySQL for a US-based home health agency.
- Implemented online patient appointment scheduling workflows, multi-disciplinary care service modules, and Google reCAPTCHA security integrations.

Laftik Capital & Asociatia Goofy | Custom Web & Admin Applications **(Laravel, MySQL)** — https://laftikcap.com/ | https://asociatiagoofy.ro/

- Built full-stack web applications from scratch using Laravel and MySQL for financial advisory (Laftik Capital) and non-profit (Asociatia Goofy) operations.
- Engineered custom administrative backends, donation processing workflows, and interactive client forms.

EDUCATION

Bachelor of Science in Computer Science (BSCS) — University of Sargodha | 2017 – 2021 | CGPA: 3.27 / 4.00
